September 30, 2009

To Whom it May Concern:

Michael Gopenko has been tuning all our pianos (3) for several years. I am pleased to add my name to his long list of very satisfied clients. Our pianos meet the high standards of our Cantor and that is a huge tribute to Mr. Gopenko's abilities.

Over the years, he has been dependable and you can count on his showing up as he promised. His pricing is fair and I have truly found him to be an honest and conscientious technician.

I highly recommend Mr. Gopenko to anyone who is looking for an outstanding piano technician!

Sincerely,

William Ferstenfeld, FTA
Executive Director
